He enlisted from here on October 12, 1918, and has only been home once, on a 10 day furlough in February, 1918.

If anybody in this country is in doubt about the success of the strawberry industry here, they should visit Dr. F. H. Riley's half-acre patch of berries at his home in Mansfield. Dr. Riley has had considerable experience in raising strawberries, and he sure has a fine patch. He has the Aroma plants, and they are guaranteed to be true to name. Word has been received here of the election of Joe Haverty as mayor of Atchison, Kas. Mr. Haverty in reality was elected one of the three city commissioners, but under the city manager form of government, the commissioner receiving the highest number of votes assumes the office and emoluments of mayor. Mr. Haverty, at the time of his election, was division time clerk of the Missouri Pacific railroad, and it seems that the law prohibits a corporation official from holding public office. Whether Mr. Haverty will be permitted to exercise the fruits of his victory is a mooted question. He has taken the oath of office, but for the present is refraining from functioning as an official, until a court ruling has been made regarding his status. Mr. Haverty is the father of Mrs. G. C. Freeman, of Mansfield, who, with her infant daughter Jean, is visiting her father at the present time.

J. B. Crouch, G. C. Freeman and Hobart Hensley were at Cedar Gap on business Monday.

Property owners should observe clean up day in Mansfield Monday, April 25th, and continue throughout the entire week, or until their premises are perfectly clean and in good shape. Read the clean up notice in this week's Mirror, issued by our Mayor and city officials.

LISTEN.

All those parties, or others, who are interested in strawberry raising, and who have indicated the Mansfield strawberry committee, that they would grow strawberries, should be in Mansfield Saturday, April 16th, SURE. Carl Vallenwender, President of the Strawberry Growers Association, of Seymour, has promised to be with us on this day, and will be prepared to connect us up with the Seymour Association. He says the Seymour boys will be glad to have us with them, and that we can make arrangements to ship with them in car lots. As we are "short" the necessary acreage to justify car shipments from Mansfield, it seems that this is the thing to do this year, and then next year it will be easy to finish our hundred acres in the vicinity of Mansfield Saturday, prepare to place your order for your plants. The meeting will be held in the Nugget Theatre Saturday at 2:30 p. m.

Chamber of Commerce Meeting.

At a meeting of the Mansfield Chamber of Commerce last Thursday night, the following proceedings were had, to-wit:

The dates for the Wright county Fair at Mansfield were set for September 28, 29, 30 and October 1, 1921. It was unanimously decided to hold a big fair; pay good premiums and put on a large exhibit of farm produce and stock.

The sales day committee was instructed to proceed to build a sales platform on the Carter Beach lot, and to arrange for the holding of the first sales day in Mansfield, Saturday, April 30th. See A. J. Wilder, Roy Dennis or W. B. Hitchcock, of the sales day committee, if you have anything to sell on this day, or leave your list with the secretary of the Chamber of Commerce, and it will be advertised free on the first day.

The matter of a sorghum factory for Mansfield was taken up, and the committee on industrial opportunities were instructed to see if they could locate such an industry in Mansfield.

Those who have been working on a strawberry association for Mansfield, reported that they did not have sufficient acreage to justify such an organization exclusively for Mansfield, and it was decided to connect up with the Seymour Association, in order to get cheaper freight rates by car load shipments. Such an arrangement has been made, or at least it is expected to be completed in a meeting in Mansfield next Saturday, when the strawberry growers are to meet with Carl Vallenwender, president of the Seymour strawberry association.

The meeting was adjourned to meet again Thu. Apr. 21st at 8:00.
